International scientific workshop "AGRICULTURAL MARKETS AND TRADE: CURRENT STATE AND PERSPECTIVE OF VISEGRAD FOUR AND ITS NEIGHBOUR – UKRAINE" invites the experts from V4 and other countries to share experiences, expert opinions on very actual topics related to agricultural markets and trade in processes of transformation and European integration. This will enable to strengthen and make very useful the academic and professional links of participating countries with Ukraine.

**NITRA – KIEV
2008**

The main issues to be covered in the workshop are recent development in the following areas:

- **Agricultural markets and trade:**
 - Current state of V4 regions
 - Current of other European countries
 - Agricultural markets, trade and Common Agricultural Policy (CAP)
 - Agricultural markets and trade in Ukraine: Ongoing processes of transformation
 - National and European perspectives for agricultural markets
 - Perspectives for Development of Agricultural Markets and Trade in Ukraine
- **From farm to consumer: Selected Issues on Marketing Chains and Agrarian Marketing**
 - Agrarian marketing at national and international level
 - Agro-food enterprises internationalization
 - Food quality and safety

The experts are motivated to submit the paper related to the workshop topic that will be published in the CD proceeding. Selected articles will be published in the monograph **"AGRICULTURAL MARKETS AND TRADE: CURRENT STATE AND PERSPECTIVE OF VISEGRAD FOUR REGION AND ITS NEIGHBOUR - UKRAINE"** and in the scientific journal **"ACTA OECONOMICA ET INFORMATICA"**.

IMPORTANT NOTES:

- *Registration fee is 100 EUR (workshop programme, lunches and dinners).*
